Skills

Computer Programing (Python, Java, SQL, PHP), Microsoft office (Word, PowerPoint, Excel)

Problem-solving, teamwork, creativity.

Project Experience

- **Poughkeepsie PC** Group project, created a website for an in-class project using PHP, HTML, and SQL to store different products for the made-up online store. **September 2020 – December 2020**
 - Created several databases for users to store new data.
- **Escape the Prison Game** project, created a python in-class project that allowed the user to choose different scenarios to win the game. **September 2019 – December 2019**
 - Implemented various custom artwork and sprites to enhance the game experience.
- **Hackathon** Group project, participated in a Hackathon to develop improvements for on-campus students using Hyperledger Fabric on LinuxOne. **January 2019- February 2019**
 - Our Hackathon idea is to invent the 'FoxForm' for Marist College. This will allow all forms at Marist involving changing majors, minors, and classes all online rather than in-person signatures.
