EDUCATION

Marist College   **August 2019 – December 2022**
Bachelor of Arts, Information Technology & Systems, GPA 3.4/4.0
Minor in Computer Science
Member of National Society of Leadership and Success and Marist College Computer Society

PROJECTS

YBox   **Poughkeepsie, NY**
Marist College   *February 2021 – May 2021*
- Developed a functional website for a fictional video game console using HTML, CSS, and Bootstrap in a team project.
- Communicated to implement one website page for each team member for the site to create a unique experience.
- Implemented 2-week long sprints, enforced ZenHub to customize and arrange workflow, created 4 EPICs to enforce project phases, created 5 use case diagrams to display our project.

Poughkeepsie PC   **Poughkeepsie, NY**
Marist College   *August 2020 – November 2020*
- Contributed to the creation of an online database to display products for a fictional company using HTML, MySQL, CSS, Slack, Visual Studio Code, and PHP in a team-based project.
- Followed agile manifesto principles with 2-week long sprints, 30 user stories, and functional diagrams.

Fox Form   **Poughkeepsie, NY**
Hackathon   *February 2020*
- Collaborated on a project for the Hackathon Blockchain event using Hyperledger Fabric on LinuxONE to develop improvements for on-campus student life.
- Created a 'Fox Form' that will allow students to create a virtual form to change major and minor and to override a class for a student's degree. Presented the project in front of IBM employers to compete against other students.

EXPERIENCE

Marist College Athletics   **Poughkeepsie, NY**
McCann Fitness Center Attendant   *August 2020 – Present*
- Managing the Marist College fitness center. Organize and clean equipment, check students into the fitness center, enforce fitness center policies. Enforcing COVID-19 safety protocols by implementing mask mandates.

Blue Track Development   **West Orange, NJ**
Information Technology Internship   *Summer 2021*
- On a team of 4, developed various projects and presentations using Microsoft Excel, SQL, Prezi, and Google Sheets.
- Engaged in various data to form charts that displayed overall work productivity for each designated employer.
- Supported the IT and Business Intelligence teams to create daily charts displaying billing status and trends.

Randolph Township   **Randolph, NJ**
Teen Travel Camp Counselor   *June 2019 – July 2021*
- Communicated and cooperated with counselors to assist 90 campers aged 11-14 to travel daily to various locations in New Jersey and Pennsylvania.
- Led up to 15 campers per counselor, ensured COVID-19 safety protocols were enforced, implemented camp rules, and organized camp activities.
